Age 12–18
2:45–3:15 Warm Up
3:15–4:45 Class

Audition fee \$30

If your child is serious about ballet, you need an intensive program with a strong faculty, extraordinary attention to detail and a rigorous focus on the development of your child. The Bayer Ballet Academy's (BBA) summer intensive is the right option for you. Our highly qualified instructors will be joined again this summer by Margarita Yussim, an internationally renowned teacher whose experience includes 22 years at the Bolshoi Ballet Academy in Moscow, and other international guest instructors. This exclusive summer program is designed for students aged 8 to 18 who successfully complete an audition.

ABOUT THE PROGRAM

How do dancers prepare their bodies so that their arms seem to float and the music seem to be drawn through their movement? How is a group of dancers transformed into a “corps” that seems to transmit story and sound as if by drawing a breath? What magic creates a gossamer curve of the arms and transforms complex physical movement into expressions of sheer grace and nobility?

BBA's summer program will immerse the student in the magic of classical dance in the renowned Russian style, sharing secrets, telling stories, attending to the almost imperceptible details that lend grace, nobility and artistry to the athleticism of dance. Rigorous focus on posture and balance development, stretching, strength, movement coordination, stable turns and high jumps and musicality are ingredients in the transforming elixir. Immersion in the attention of instructors seasoned in the Vaganova traditions begins to reveal the secrets. Along with the classical repertoire, we will feature partnering, character dance, and pilates for ballet. Three levels will be offered and all students must attend the full 4 week program (*see fees and schedule below*). Classes will be accompanied by a professional ballet pianist.

FACULTY

Our faculty is again honored to be joined this summer by Margarita Yussim. Her career spans many decades and includes 22 years teaching at the Bolshoi Ballet Academy in Moscow. She has taught throughout the world, including Poland, Argentina, and Israel and is the author of numerous publications on ballet education. The overall pedagogy is supervised by Dean of the Academy, Inna Bayer—a seasoned professional ballet mistress whose extensive teaching experience is also international, including Russia, Ukraine, Israel, and the USA. In addition, the courses will be conducted by other faculty of BBA and guest instructors.

2012 SUMMER INTENSIVE BALLET PROGRAM
